

Fixed Mini-Backhoe

Take full advantage of your skid steer's mobility with EDGE Mini-Backhoes. These are excellent attachments for digging trenches and footings.

The Fixed Mini-Backhoe mounts quickly and easily to most skid steer loaders, has a digging depth of 73", an overall reach of 75" from the mounting plate, and a dig force of 3895 lbs.

The Mini-Backhoe with Swing features in-cab electric controls and a 140° rotation cushioned swing cylinder for smooth operation. This model has a 76" digging depth, 78" digging reach and 3800 lb. dig force.

Mini-Backhoe with Swing

Both EDGE Mini Backhoes come fully assembled (less bucket) and use the same five buckets used on the EDGE 485 Backhoe: the 10", 12", 16", 18" and 24" buckets.

Hoses and hydraulic couplers are included, and stabilizers are not required. A relief valve is required in the bucket tilt circuit of the skid steer loader. (check with skid steer loader OEM to verify)

- ⊙ DIGS TRENCHES OVER 6' DEEP
- ⊙ EXTREMELY ECONOMICAL AND EFFICIENT
- ⊙ NO STABILIZERS REQUIRED; QUICKLY DIG TRENCHES OR FOOTINGS
- ⊙ 10", 12", 16", 18" AND 24" BUCKETS AVAILABLE
