

### GROUSER - SOFT PAD TRACKS

Better traction can mean better performance of your skid steer loader. Surfaces made slippery due to sand, snow, mud and rain may mean challenges, but not excuses. Grouser soft pad style tracks provide protection and reduce tire wear in abrasive conditions.

### OPERATIONAL BASICS

Grouser soft pad style tracks have replaceable non-marking shoes designed to prevent marring on hard surfaces such as concrete or asphalt, and also perform well in adverse conditions such as mud or sand. The soft shoes on these tracks are bolt-on and replaceable and reduce ground pressure by as much as 50%. The design is easy on the tires and provides strength and tire protection. The Grouser soft pad style tracks are available on most skid steers with tires 10" (254 mm) and 12" (305 mm) wide.

### SPECIFICATION

Part Number	Description	Weight (lbs/kg)
502293	Grouser soft pad tracks to fit 10.00 tires - 44 pads (22 per side), will accommodate 33" to 36" wheelbase	850/386
502294	Grouser soft pad tracks to fit 10.00 tires - 46 pads (23 per side), will accommodate 36.5" to 40" wheelbase	886/402
502295	Grouser soft pad tracks to fit 10.00 tires - 48 pads (24 per side), will accommodate 40.5" to 43" wheelbase	924/419
502296	Grouser soft pad tracks to fit 10.00 tires - 50 pads (25 per side), will accommodate 43" to 47" wheelbase	962/436
502298	Grouser soft pad tracks to fit 12.00 tires - 46 pads (23 per side), will accommodate 35" to 36" wheelbase	886/402
502299	Grouser soft pad tracks to fit 12.00 tires - 48 pads (24 per side), will accommodate 38" to 40.5" wheelbase	920/417
502300	Grouser soft pad tracks to fit 12.00 tires - 50 pads (25 per side), will accommodate 41" to 44.3" wheelbase	962/436
502301	Grouser soft pad tracks to fit 12.00 tires - 52 pads (26 per side), will accommodate 44.5" to 48" wheelbase	1001/454
502302	Grouser soft pad tracks to fit 12.00 tires - 54 pads (27 per side), will accommodate 48.3" to 50.6" wheelbase	1039/471

### FEATURES

- Non-marking shoes prevent marring
- Replaceable pads and traction inserts
- Reduce ground pressure by up to 50%
- 1-1/4" hardened replaceable bushings
- Open side plate for easy cleaning and field adjustments
